

Name of research project List

Grants-in-Aid for Scientific Research(KAKENHI) in 2022

New

	KAKENHI research category	Research project	Principal Investigator	School	Direct Costs (YEN)	Indirect Costs (YEN)
1	Scientific Research (C)	A database construction of asbestos world flow for supply chain analysis: a multi-regional input-output approach	TSUKUI Makiko	School of Business and Commerce	1,000,000	300,000
2	Early-Career Scientists	A prospective injury surveillance study; circumstances and risk factors of sports-related injuries in elite para swimming athletes	SHIMURA Keita	School of Health Sciences	2,200,000	660,000
Total					3,200,000	960,000
Total(Direct Costs+Indirect Costs)					4,160,000	

Continue

	KAKENHI research category	Research project	Principal Investigator	School	Direct Costs (YEN)	Indirect Costs (YEN)
1	Scientific Research (B)	Research on Child Labour in Cocoa Production: the Ghana Case and International Comparison	AMPONSAH Samuel	Institute for International Strategy	600,000	180,000
2	Scientific Research (C)	Simple Signs in Medical Facilities from the Viewpoint of Visual Literacy	OKAMOTO Noriko	School of International Relations	1,100,000	330,000
3	Early-Career Scientists	Japanese-French Contrastive Study on the Strategy Using Personal Terms to Convey the Speaker's Mental Attitude	MAKI Ayaka	Japanese Language Institute	800,000	240,000
4	Early-Career Scientists	Balancing National Security and Sovereign Sensitivity: Re-examining the Law of the Sea Convention and Freedom of Navigation in Southeast Asia	ORDANIEL Jeffrey	Institute for International Strategy	400,000	120,000
5	Scientific Research (B)	US Policy towards North Korea: Comparative Study on the Clinton, Bush and Trump Administrations' Policies, and Review of China Factor	IZUMI Hajime	Institute for International Strategy	4,300,000	1,290,000
6	Scientific Research (C)	Conditions and Issues for Accepting the Concept of Language Rights under International Law into Japanese Domestic Law: Focusing on ethnic heritage languages.	SUGIMOTO Atsubumi	School of International Relations	400,000	120,000
7	Scientific Research (C)	Build a comprehensive support system to implement co-parenting after divorce	ODAGIRI Noriko	School of Human and Social Sciences	1,400,000	420,000
8	Scientific Research (C)	A new strategy for breathlessness relief and inspiratory muscle training by augmented perception of inspiratory flow in patients with interstitial pneumonia.	KANEZAKI Masashi	School of Health Sciences	700,000	210,000
9	Scientific Research (C)	Influence of gait adaptation on falling after discharge in stroke patients	KAWASAKI Tsubasa	School of Health Sciences	800,000	240,000
10	Scientific Research (C)	Studies on career in professional clubs	JODAI Keiko	School of Human and Social Sciences	1,700,000	510,000
11	Scientific Research (C)	Comparative Studies of the Emergence of Multi-cultural Communities: From the Perspective of Composite Identity of Jewish People in Europe and North-Africa.	YOSHIDA Kazuhiko	School of Business and Commerce	1,000,000	300,000
12	Scientific Research (C)	Entrepreneurship through bricolage in times of crisis: A cross-country analysis	TAJEDINI Kayhan	Institute for International Strategy	1,200,000	360,000
13	Early-Career Scientists	Development of a Neuromodulation Method Using Local Vibratory Stimulation and Transcutaneous Spinal Cord Stimulation	MASUGI Yohei	School of Health Sciences	300,000	90,000
14	Early-Career Scientists	Analysis of patellofemoral kinematics using 3D-to-2D registration	IKUTA Futoshi	School of Health Sciences	700,000	210,000
15	Research Activity Start-up	Empirical study of Japanese pronunciation instruction aiming at scaffolding for autonomous learning	ODO Yutaro	Japanese Language Institute	1,200,000	360,000
16	Scientific Research (C)	Longitudinal and follow-up study by visualizing learning contents of elementary school and junior high school for formulating learning contents of physical education	IMAZEKI Toyokazu	School of Human and Social Sciences	1,200,000	360,000
Total					17,800,000	5,340,000
Total(Direct Costs+Indirect Costs)					23,140,000	

Extension

	KAKENHI research category	Research project	Principal Investigator	School	Direct Costs (YEN)	Indirect Costs (YEN)
1	Scientific Research (C)	Restructuring supply chains and deploying servicing	MATSUO Hirofumi	Institute for International Strategy	Fully disbursed	
2	Scientific Research (C)	The Effects of Trade Liberalization on Trade Expansion and Environmental Protection in Asia-Pacific Region	MATSUMURA Atsuko	School of Economics	Fully disbursed	
3	Scientific Research (C)	Women's Co-operative Activities in Mongolia Urban Society : Creating Self-Sufficient Places for Escaping from the Intergenerational Poverty	MURAI Miki	School of Human and Social Sciences	Fully disbursed	
4	Scientific Research (C)	An electrophysiological and optical 3D motion analysis study concerning momentary loss of strength in a rapid motion	FUMOTO Masaki	School of Health Sciences	Fully disbursed	
5	Early-Career Scientists (B)	A basic study on the program development of PE teachers' abilities to utilize ICT	KIHARA Shinsuke	School of Human and Social Sciences	Fully disbursed	
6	Challenging Research(Exploratory)	Basic Research into Visually Impaired Persons' Creation and Use of Auditory Information by Actively Tapping with White Canes	NUNOKAWA Kiyohiko	School of Human and Social Sciences	Fully disbursed	
7	Scientific Research (C)	A Study of Sports and Exercise among Foreign-Born Women Muslims in Japan	JODAI Keiko	School of Human and Social Sciences	Fully disbursed	
8	Scientific Research (C)	Between "Religio" and "Regio" : Jewish Plural Identities in Sephardim, Ashkenazim, Mizrahim	TAMURA Airi	School of Business and Commerce	Fully disbursed	
9	Research Activity Start-up	Consensus building discourse of Vietnamese Japanese Learners	KUBO Aki	Japanese Language Institute	Fully disbursed	
10	Scientific Research (C)	A study on the relationship between antidumping actions and WTO-plus provisions in free trade agreements	SONG Joon-Heon	School of Business and Commerce	Fully disbursed	
11	Scientific Research (C)	The influence of sensory variables in workspace on employee satisfaction	HIRAKI Ikumi	School of Business and Commerce	Fully disbursed	
12	Scientific Research (C)	The current historical consciousness in regional communities in Japan (and its critical issue) —A study of the crisis and multilayer of local history ("kyoudo-shi")	TAKADA Tomokazu	School of Human and Social Sciences	Fully disbursed	
13	Scientific Research (C)	The Effect of Wearing a Baseball Helmet with a Brim and Ear-guards on Hitting Accuracy	AKAIKE Kohei	School of Human and Social Sciences	Fully disbursed	
14	Scientific Research (C)	An International Comparative Study on Women's Empowerment and Human Resource Management Strategies	ISHIGURO Kuniko	Institute for International Strategy	Fully disbursed	
15	Scientific Research (C)	Effects of differences in breastfeeding posture on mother's upper limb and trunk muscles activity and infant feeding.	TAKEDA Kaname	School of Health Sciences	Fully disbursed	
16	Early-Career Scientists	Effects of menstruation on mood swings in healthy volunteers and bipolar patients: a mechanism of action that includes sleep and interpersonal relationships	NARUSE Mayu	School of Human and Social Sciences	Fully disbursed	
17	Challenging Research(Exploratory)	Urgent Investigation of Japanese Competency of Specific Technic Intern Trainees in Quantitative and Qualitative Methods	SUKEGAWA Yasuhiko	Office for Educational Research and Initiatives	Fully disbursed	
18	Scientific Research (C)	Diversifications and Future Possibilities of Football Finance in England	NISHIZAKI Nobuo	School of Human and Social Sciences	1,419,243	0 ※

※ Fully disbursed by the previous year. Only the unused amount of the previous year is transferred from the predecessor school.
